Each of the Projects may include the acquisition of land, equipment, technology, vehicles, construction and renovation of facilities, and other capital costs related to such Project.

(b) The County shall own and operate the County Projects. Each of the Cities shall own and operate its respective City Projects.

(c) The County shall be responsible for paying or providing for all the costs of operating, maintaining and insuring the County Projects. Each of the Cities shall be responsible for paying or providing for all the costs of operating, maintaining and insuring its respective City Projects.

(d) The County shall supervise or cause the supervision of the acquisition, construction and equipping of the County Projects. Unless otherwise agreed to in writing, each of the Cities shall supervise or cause the supervision of the acquisition, construction and equipping of its respective City Projects.

(e) The costs of the Projects set forth above are estimates based upon the estimated Sales and Use Tax collections and the needs of the County and the Cities at the time this Agreement is executed. The parties acknowledge that the actual Sales and Use Tax collections may vary from the estimated amounts and that the needs of the County and/or the Cities may change. Therefore, the County has the sole right to determine how much it will spend on the County Projects, and each of the Cities has the sole right to determine how much it will spend on its City Projects. The County and the Cities are not required to spend the amounts set forth above for the Projects if the Projects can be completed for a lesser amount or the actual Sales and Use Tax collections are less than estimated (and in the latter case, neither the County nor the Cities are required to (a) apply money from their respective General Funds to complete the Projects or (b) fund the Projects with future Sales and Use Tax collections). Furthermore, the County and the Cities may spend more than the amounts set forth above for the Projects. Notwithstanding the foregoing, a Project may not be abandoned in its entirety unless the parties agree, and the provisions of the Sales and Use Tax Act are satisfied.

(f) The County may fund the County Projects in any order or priority it may deem necessary or convenient, and each of the Cities may fund its respective City Projects in any order or priority it may deem necessary or convenient.

#### **ARTICLE 4. CALLING REFERENDUM**

The County agrees that it will take all actions necessary to call a referendum, to be held in all the voting precincts in the County, on **March 16, 2021**, or on such other date as the County and the Cities shall mutually agree, for the purpose of submitting to the qualified voters of the County for their approval, the question of whether or not (a) the Sales and Use Tax shall be imposed / continued for 24 calendar quarters (six years) for the purpose of funding the Projects and (b) up to **\$40,000.00.00** in aggregate principal amount of general obligation debt of the County (the "**Debt**") may be issued in order to fund in whole or in part any of the Projects and the costs of issuing the Debt. The City of Carrollton agrees to pay all costs relating to the referendum.

#### **ARTICLE 5. COLLECTION TERM; DIVISION AND DISTRIBUTION OF SALES AND USE TAX**

(a) By virtue of the parties' entry into this Agreement and based upon the Sales and Use Tax Act, the Sales and Use Tax shall be collected for a period of six years.

(b) The County shall receive **61.9257%** of the Sales and Use Tax proceeds (the "**County's Portion**"), **Bowdon** shall receive **1.85%** of the Sales and Use Tax proceeds, **Bremen** shall receive **0.5043%** of the Sales and Use Tax Proceeds, **Carrollton** shall receive **22.07%** of the Sales and Use Tax proceeds, **Mount Zion** shall receive **1.53%** of the Sales and Use Tax proceeds, **Roopville** shall receive **0.20%** of the Sales and Use Tax proceeds, **Temple** shall receive **3.82%** of the Sales and Use Tax proceeds, **Villa Rica** shall receive **7.57%** of the Sales and Use Tax proceeds and **Whitesburg** shall receive **0.53%** of the Sales and Use Tax proceeds (collectively, the "**Cities' Portion**") each year, including Sales and Use Tax proceeds collected in excess of the estimated collections of **\$119,000,000.00**. Should any of the Cities cease to exist as a legal entity before all funds are distributed under this Agreement, that City's share of the funds subsequent to dissolution shall be paid to the County as part of the County's share unless an act of the Georgia General Assembly makes the defunct City part of another successor City. If such an act is passed, the defunct City's share shall be paid to the successor City in addition to all other funds to which the successor City would otherwise be entitled.

(c) The Sales and Use Tax shall be collected by the County and shall be deposited into a special trust fund held separate and apart from all other funds of the County (the "**Sales Tax Account**"). Within the Sales Tax Account, the County shall create or cause to be created three subaccounts: the "Debt Service Account," the "County Account" and the "Cities Account." Sales and Use Tax proceeds that will be used to pay debt service on the Debt shall be deposited into the Debt Service Account; Sales and Use Tax proceeds that will be used to fund County Projects not funded with Debt shall be deposited into the County Account; and Sales and Use Tax Proceeds that will be used to fund City Projects not funded with Debt shall be deposited

into the Cities Account. Amounts on deposit in the Cities Account shall be disbursed by the County to each of the Cities once each month within 10 business days of the County's receipt thereof. Each disbursement shall be made by check unless the City provides written wire transfer instructions to the County and pays all costs associated with such wire transfer. Each of the Cities shall create and maintain a separate account for the receipt and disbursement of the Cities' Portion of the Sales and Use Tax proceeds. The Cities shall not comingle the Sales and Use Tax proceeds with any other funds. The costs incurred by the County in connection with the administration of the Sales and Use Tax shall be divided among the County and the Cities in accordance with the percentages for the division of the Sales and Use Tax set forth above.

d) If Debt is issued, the County shall establish a 12-month period as the "**Sinking Fund Year**" for the Debt. Within each Sinking Fund Year, the Sales and Use Tax proceeds of each Borrowing Entity (hereinafter defined) shall be deposited into the Debt Service Account until there is an amount therein sufficient to pay that Borrowing Entity's pro rata share of the debt service coming due on the Debt for such Sinking Fund Year. After a Borrowing Entity has funded its pro rata share of the debt service coming due on the Debt for the Sinking Fund Year, the remaining Sales and Use Tax proceeds of that Borrowing Entity shall be deposited into the County Account or the Cities Account, as appropriate.

## **ARTICLE 6. DEBT**

(a) The ballot shall contain the language required by the Sales and Use Tax Act for the authorization of the Debt. Each of the Cities may request that Debt be issued to fund all or a portion of its City Projects; provided, however, in no event shall the amount of Debt issued for the benefit of the Cities exceed \$4,000,000.00 and in no event shall Debt be issued for a City Project that the County is not authorized by law to provide. The County may in its sole discretion authorize the issuance of Debt for City Projects.

(b) The County and each of the Cities receiving Debt proceeds is referred to herein as a "Borrowing Entity." Each Borrowing Entity acknowledges that it is responsible for the payment of its pro-rata share of (i) the debt service on the Debt, (ii) the costs of issuance and (iii) arbitrage rebate. Each City that is a Borrowing Entity authorizes the County to apply its share of the Sales and Use Tax proceeds to pay its pro-rata share of the debt service on the Debt.

(c) The Debt shall be paid first from a Borrowing Entity's share of the Sales and Use Tax proceeds. In the event that there are insufficient Sales and Use Tax proceeds to pay the Debt, each Borrowing Entity shall pay its share of any shortfall (the "Debt Service Payments") from its general fund. Each Borrowing Entity covenants that, in order to make the Debt Service Payments when due from its general fund to the extent required, it will exercise its power of taxation to the extent necessary to timely pay any amounts required to be paid hereunder, and it will make available and use for such payments all taxes levied and collected for that purpose together with funds received from any other source. Each Borrowing Entity further covenants and agrees that in order to make funds available for such purpose, it will, in its general revenue, appropriation, and budgetary measures whereby its tax funds or revenues and the allocation thereof are controlled or provided for, include sums sufficient to timely satisfy such Debt Service

Payments that may be required to be made from the general fund, whether or not any other sums are included in such measure, until all payments so required to be made shall have been made in full. The obligation of the Borrowing Entity to make any payments that may be required to be made from its general fund shall constitute a general obligation of the Borrowing Entity and a pledge of the full faith and credit of the Borrowing Entity.

In the event for any reason any such provision or appropriation is not made as provided in the preceding paragraph, then the fiscal officers of the Borrowing Entity are hereby authorized and directed to set up as an appropriation on the accounts in the appropriate fiscal year the amounts required to timely pay the obligations which may be due from the general fund. The amount of such appropriation shall be due and payable and shall be expended for the purpose of paying any such obligations, and such appropriation shall have the same legal status as if the Borrowing Entity had included the amount of the appropriation in its general revenue, appropriation, and budgetary measures, and the fiscal officers of the Borrowing Entity shall immediately make such Debt Service Payments to the paying agent for the Debt if for any reason the payment of such obligations shall not otherwise have been timely made.

(c) The obligations of the Borrowing Entity to make the Debt Service Payments and to perform and observe the other agreements on its part contained herein shall be absolute and unconditional. Until such time as the principal of and interest on the Debt shall have been paid in full or provision for the payment thereof shall have been made, the Borrowing Entity (a) will not suspend or discontinue any payments provided for herein, (b) will perform and observe all of its other agreements contained in this Agreement, and (c) will not terminate this Agreement for any cause, including, without limiting the generality of the foregoing, failure to complete any Project, a defect in any Project or any failure of the other party to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with this Agreement.

(d) The County shall be responsible for all aspects of the Debt issuance process. The County will select the underwriter, bond counsel, local counsel, etc. (collectively, the "Debt Professionals"). The County will keep each City that is a Borrowing Entity informed of the progression of the Debt issuance. Each City that is a Borrowing Entity shall cooperate in furtherance of the Debt issuance process, including but not limited to providing such information about the City and the City Projects as the County or any of the Debt Professionals may reasonably request.

## **ARTICLE 7. RECORD KEEPING**

(a) The County shall keep detailed records of the Sales Tax Account, including all of its sub-accounts, in accordance with the Sales and Use Tax Act and generally accepted accounting procedures. The Cities shall have the right to review and be provided copies of all such records upon request to the County; provided, however, the County must be given reasonable notice for such an inspection and any such inspection shall only be made during regular business hours at the location where records are maintained.

(b) The County and the Cities shall keep a record of each and every of its Projects for which the proceeds of the Sales and Use Tax are used. A schedule shall be included in each annual audit which shows for each such Project the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or the disclaimer of an opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole. In the event that any of the Cities do not comply with the requirements of this paragraph, the County shall not be held liable in any manner for such noncompliance, and no City shall be held liable for another City's noncompliance. In the event that the County does not comply with the requirements of this paragraph, none of the Cities shall be held liable in any manner for such noncompliance.

(c) Not later than December 31 of each year, the County and each of the Cities shall publish annually, in a newspaper of general circulation in the boundaries of the County or the City and in a prominent location on the local government website, if a website is maintained, a simple nontechnical report which shows for each of its Projects the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, amounts expended in the current year, any excess proceeds which have not been expended for a Project, estimated completion date, and the actual completion cost of a Project completed during the current year. In the case of road, street, and bridge Projects, such information shall be in the form of a consolidated schedule of the total original estimated cost, the total current estimated cost if it is not the original estimated cost, and the total amounts expended in prior years and the current year for all such Projects and not a separate enumeration of such information with respect to each such individual road, street, or bridge Project. The report shall also include a statement of what corrective action the County or the Cities intends to implement with respect to a Project which is underfunded or behind schedule. In the event that any of the Cities do not comply with the requirements of this paragraph, the County shall not be held liable in any manner for such noncompliance, and no City shall be held liable for another City's noncompliance. In the event that the County does not comply with the requirements of this paragraph, none of the Cities shall be held liable in any manner for such noncompliance.

## **ARTICLE 8. EXCESS PROCEEDS**

The County and the Cities do not anticipate that there will be any excess proceeds. They anticipate having Projects that need to be funded throughout the term of the Sales and Use Tax. However, in the event that the County has excess proceeds in the County Account or a City has excess proceeds in the City Account, the County or the City, as applicable, may use such excess proceeds toward any of the other County Projects or City Projects, respectively, listed in Article 3 or toward any other lawful purpose as the County or the City deems appropriate. For purposes of this paragraph, "excess proceeds" means, with respect to the County, such amount of the County's pro rata portion of Sales and Use Tax collections that exceed the actual costs to complete County Projects, and with respect to each City, the amount of such City's pro rata

portion of Sales and Use Tax collections that exceed the actual costs to complete such City's Projects.

**ARTICLE 9.**  
**MISCELLANEOUS**

(a) Any controversy arising under this Agreement shall be submitted to arbitration pursuant to the provisions of O.C.G.A. Sections 9-9-1 *et seq.*, as amended (the "Arbitration Code"). Such arbitration shall in all respects be governed by the provisions of the Arbitration Code, and the parties hereto shall comply with and be governed by the provisions of the Arbitration Code.

(b) Should any phrase, clause, sentence or paragraph herein contained be held invalid or unconstitutional, it shall in nowise affect the remaining provisions of this Agreement, which said provisions shall remain in full force and effect.

(c) This Agreement may be executed in several counterparts, each of which shall be an original but all of which shall constitute one and the same instrument.

(d) This Agreement shall be construed and enforced in accordance with the laws of the State of Georgia.

(e) This Agreement, including any attachments or exhibits, constitutes all of the understandings and agreements existing between the County and the Cities with respect to distribution and use of the Sales and Use Tax proceeds. Furthermore, this Agreement supersedes all prior agreements, negotiations and communications of whatever type, whether written or oral, between the County and the Cities with respect to distribution and use of the Sales and Use Tax proceeds.

(f) It is the intention of the County and the Cities to comply in all respects with the Sales and Use Tax Act, and all provisions of this Agreement shall be construed in light of the Sales and Use Tax Act.
