If you have any questions please call Ronnie Adams @ 770-853-7617 Ronnie Adams	

NOTE

All documents to be requested before the start of work if not it will be the responsibility of the contracting company.

We use Gem Seal coal tar emulsion and have for over 30 years. We have tried other sealers for research to provide our customers with the best quality product available. Never once did we change to another sealer, because I was or my customers dissatisfied with its performance, or beauty. To offer our customers the best product, proven and tested: Gem Seal is the one we have stood behind for over 30 years.

Sealer helps in restoring the aggregate, and helps prevent oxidation. The sealer helps put the oils and tar back in the asphalt that the sun takes out, and helps keep water out. This mix design I that I have developed is a true success for the best performance and beauty.

We also use the best state of the art striping equipment: Graco Line Lazars for a fine crisp line.

Look forward to doing business with you.

**TOTAL**

**\$25,985.00**

NOTE

10% will be added if over 30 days.
